MENTOR TO SUCCESS

This program will engage and empower you as you begin your freshman year. We will connect you to a cohort of peers in similar programs. Throughout your 21st Century Scholars experience, you will:

- Connect with professors and staff who care about your success.
- Tour campus and find your class locations.
- Learn academic success skills.
- Meet and spend time with your peer mentor.

SCHOLAR LOUNGE

The 21st Century Scholar Lounge serves as a home base for our scholars. It is a safe space for students to relax, engage with other students, or even study. We keep this office stocked with school supplies, personal items, and food for students. We encourage students to get familiar with our office, as we offer many resources.

SUCCESS COACHING

Success coaching is a collaborative effort between our students and their coach. The student and coach will team up to work together towards academic achievement. The coach will work with each student to ensure they are aware of the resources available to them and how it can help them be successful inside the classroom.
